VIN: [REDACTED]      State: AZ      Expires: [REDACTED]  
Year: 2005      /Make: DODG      Model: CARAVA      Type: VN      Color: WHI/      Doors: 4  
N  
Value: 0      Characte  
ristics:

---

**SUPPLEMENTAL NARRATIVE:**

Initial Case Narrative by R. Roher #5347 on 03/20/17 at 2112 hrs.  
Total Dictation Time = 4:21 mins.

**OBSERVATION:**

Department Weights and Measures sticker #1702551 was seen affixed on the right rear of the vehicle. It indicated 2017 on the sticker.

**NARRATIVE:**

On 03/20/17, I was participating in Operation Stonegarden (OPSG). I was working out at the Border Patrol checkpoint, when I observed a vehicle pull into the checkpoint. I noted the vehicle appeared to be a livery vehicle. The vehicle had a right rear wheel that had a lug nut missing on it. Given that this is some type of medical transport vehicle or livery vehicle, I decided to have the vehicle pull over into the secondary area after the Border Patrol agents had completed their immigration check.

I made contact with the driver, who identified herself as [REDACTED]. Her license was current and valid out of Arizona. I explained to her why I had stopped her. I asked for her for the insurance for the vehicle. She was unable to produce any current insurance for the vehicle, but she stated she knew it had it.

I explained to [REDACTED] why I had stopped her and allowed her to get out of the vehicle to show her what I was seeing and explained to her the safety issue with a missing lug nut.

A short time later, I issued a citation for [REDACTED] reference an unsafe motor vehicle, as well as no proof of current insurance. I provided her with the citation, as well as a traffic envelope and explained the citation to her. During this time in process of running the registration of the vehicle, I noted that I did not see a indication of a Department's Weights and Measures sticker, which I would normally see. It would also normally indicate a registration or occurred of a Department of Weights and Measures license tax or library vehicle. In this case it did not indicate any of that.

At this point I asked Communications if they could attempt to run the number of the sticker I was seeing on the back which was Department Weights and Measures sticker #1702551. They contacted the Arizona Department of Public Safety (DPS); however, were unable to run the sticker.

This contact was documented so that I could provide this information to the Department of Weights and Measures, at a later time and inform them there is a sticker on a vehicle, which may not be there or the registration return needed to be altered to properly reflect that they are a properly licensed service.

██████ was allowed to depart at that point. I had no further reason to detain her.

This concludes my involvement.
